

MasterMine End-User Software License Agreement

Software License Agreement

This is a legal agreement between you and MasterMine Software, Inc. covering your use of MasterMine (Software). Be sure to read the following agreement before using the software. BY USING THE SOFTWARE (REGARDLESS IF YOU HAVE LICENSED OR REGISTERED THE SOFTWARE OR NOT), YOU ARE AGREEING TO BE BOUND BY THE TERMS OF THIS AGREEMENT. IF YOU DO NOT AGREE TO THE TERMS OF THIS AGREEMENT, DO NOT USE THE SOFTWARE AND DESTROY ALL COPIES OF IT.

This is copyrighted software. You may use this limited-use software one time, on one computer, for the allowed trial period, for evaluation purposes only, without any charge. The Software is owned by MasterMine Software and is protected by United States copyright laws and international treaty provisions. Therefore, you must treat the Software like any other copyrighted material (e.g. a book or musical recording).

If you would like to continue to use the software after this evaluation period, you must pay the applicable license fee to MasterMine Software. Commercial distribution of fully enabled MasterMine software is restricted. Anyone may copy and distribute the demo version of this software in its original form only, accompanied by this license agreement. Contact MasterMine Software for details on registering or on becoming an authorized MasterMine dealer.

Paying the license fee allows you the right to use one copy of the software on a single computer per "license seat" purchased. Multiple-user licenses are available, and permit the designated number of users to concurrently use MasterMine software in conjunction with a single GoldMine user license. If licensee possesses a MasterMine "Named-User" license, each copy of the software is assigned by the licensee to one particular user, and once assigned may not be re-assigned without consent from MasterMine Software. A MasterMine Site License entitles the licensee to concurrently use as many copies of the software as licensed, regardless of the number of assignees. If installed in a terminal server environment, MasterMine licenses must be assigned in the same fashion as normal: For Site Licenses, the same license may be assigned to as many users as desired. For "Named-user" licenses, each license is assigned to a particular real user and may not be re-assigned without permission from MasterMine software.

Except by express written consent of MasterMine Software, Inc., you may not rent or lease the software, nor may you modify, adapt, translate, reverse engineer, decompile, or disassemble the software. If you violate any part of this agreement, your right to use this software terminates automatically and you must then destroy all copies of this software in your possession.

The software and related documentation are provided "AS IS" and without warranty of any kind and MasterMine Software expressly disclaims all other warranties, express or implied, including, but not limited to, implied warranties of merchantability and fitness for a particular purpose. Under no circumstances shall MasterMine Software be liable for any incidental, special or consequential damages that result from the use or inability to use the software or related documentation, even if MasterMine Software has been

advised of the possibility of such damages. In no event shall MasterMine Software' liability exceed the license fee paid, if any.

This Agreement shall be governed by the laws of the State of Minnesota. If for any reason a court of competent jurisdiction finds any provision of this Agreement, or portion thereof, to be unenforceable, that provision of the Agreement shall be enforced to the maximum extent permissible so as to effect the intent of the parties, and the remainder of this Agreement shall continue in full force and effect.

The software and documentation is provided with RESTRICTED RIGHTS. Use, duplication, or disclosure by the Government is subject to restrictions as set forth in subdivision (b) (3) (ii) of The Rights in Technical Data and Computer Software clause at 252.227-7013. Manufacturer is MasterMine Software, Inc., 3319 E 26th Street, Minneapolis, MN 55406.
